2015 Unidata Triennial Workshop

A Primer and Opportunity for User Committee Input

Presented 9/15/14

unidata

UCAR

Suggested Topics/Objectives

Topics:

- Cloud Computing
- Big Data

Objectives:

- Promotion of sharing data and resources
- Introduce techniques and technologies for future demands

unidata

UCAR

Potential Triennial Structure

- A session with presentations/talks

- Followed by a hands-on workshop to implement the presentation topic.

- Examples populated on RAMADDA Teaching Resources

Questions for User Committee

- Any suggested projects to carry through the Triennial?

- How can we engage students beyond posters?

- Is there a metric we can build-in to this workshop to gauge outcomes?
